TOWN OF WENDELL, MA 01379

TOWN CLERK REPORT

During the calender year of 1976 there were 7 Special Town Meetings, the Annual Town Meeting, the March 2 Presidential Primaries, the Sept. 14 State Primaries and the Nov. 2 Presidential Election.

The following actions were voted at the Annual and Special Town Meetings.

Feb. 3, 1976, Special Town Meeting

Raised and appropriated \$200.00 for Salary for the Building Inspector.

Raised and appropriated \$1,800.00 for Veteran's Benefits.

March 16, 1976, Special Town Meeting

Appropriated from Free Cash \$12,993.00 to purchase and equip a newdump truck for the Highway Dept.

Transferred \$2,246.71 from Rd. Machinery Earnings to Rd. Machinery Maint. and Operation.

Voted to request the Commonwealth of Massachusetts that Chapter 385 of the Acts of 1974 be amended as follows: "the joint school committee shall have authority to accept the provisions of Sections 1-28 inclusive of Chapter 32 of the General Laws.

April 20, 1976, Special Town Meeting

Appropriated from free cash an additional \$1,100.00 for Veteran's Benefits.

Appropriated from free cash an additional \$100.00 for Tax Collector Expenses

Annual Town Meeting, May 3 and continued on May 5, 1976.

Accepted the report of Town officials as printed in the Town Report.

Authorized the Treasurer to borrow money, with approval of the Selectmen.

Fixed the salary and compensation of all elected and appointed officials and raised and appropriated the segregated sum of \$17,749.76 to defray such salaries and Expenses for General Government.

Raised and appropriated the segregated sum of \$1,086.48 for Salary, Holiday and Vacation Pay for the Highway Surveyor.

Raised and appropriated the segregated sum of \$1,111.68 for Holiday and Vacation Pay for the D.P.W. employees.

Raised and appropriated the segregated sum of \$3,330.00 for Unclassified Town Expenses.

Raised and appropriated the segregated sum of \$18,800.00 for Local Road Expenses.

Raised and appropriated \$3,000.00 as the Town's share of Chapter 90 Construction and appropriated \$26,104.00 as the State's share.

Raised and appropriated \$35,000.00 for year around Maintenance and Repair of Highways.

Raised and appropriated \$400.00 for a Tool Account for the Highway Dept.

Raised and appropriated \$10,000.00 for the Road Machinery Maint. and Operation Account.

Raised and appropriated \$8,000.00 for New Salem Road Permanent Work.

Raised and appropriated \$4,000.00 for Note of four wheel drive loader.

Raised and appropriated \$14,000.00 to purchase and equip a ne dump truck for the Highway Dept. and trade in the 1964 Ford F-800.

Raised and appropriated \$4,500.00 to purchase and equip a new sander body for the Highway Dept. and trade in the old sander body.

Raised and appropriated \$3,500.00 for two way radios for the Highway Dept.

Raised and appropriated \$4,000.00 for Farley Rd. Permanent work.

Raised and appropriated the segregated sum of \$4,700.00 to Maintain Town Real Property .

Raised and appropriated the segregated sum of \$9,947.00 for Protection of Persons and Property.

Amended that portion of the vote taken under Article 23 of the Annual Town Meeting, May 5, 1975 and reading:

"and the Treasurer with the approval of the Board of Selectmen is authorized to borrow the sum of \$10,000.00 in accordance with the provisions of Section 7, Chapter 44 of the General Laws of Massachusetts" be amended to read:." and the sum of \$5,000.00 be appropriated from Federal Revenue Sharing Funds and the sum of \$5,000.00 be appropriated from Surplus Revenue!"

Raised and appropriated \$2,100.00 for communications equipment for the Fire Dept.

Instructed the Moderator to appoint a committee of 7 people to investigate the needs of a new Fire Station and to make a recommendation at the next Annual Town Meeting. One Selectman and one officer of the Fire Dept. who shall act in an advisory capacity and shall have no voting powers, and five registered voters at large.

Raised and appropriated \$2,127.62 for Library Expenses.

Raised and appropriated the segregated sum of \$4,446.00 for Interest, Insurance and Assessments.

Raised and appropriated the segregated sum of \$6,405.00 for Health and Sanitation.

Raised and appropriated \$625.00 incl. interest for Cemeteries.

Raised and appropriated the segregated sum of \$6,515.59 for Veteran's Benefits and Services.

Raised and appropriated the segregated sum of \$194,364.42 for Schools and Education.

Raised and appropriated \$225.00 for Swimming lessons for Wendell School Children, 5 years of age as of Jan. 1, 1976 through 6th grade

Raised and appropriated \$280.00 for the Regional Program for transportation for Wendell's elderly and handicapped.

Voted to support the formation of a county wide public power corporation, and to direct the Selectboard to write to Conway and Leverett if there is a committee we can join and send representatives.

Voted to continue (or recontinue) the town road known as the Kentfield Road from the intersection by Wendell Depot Postal office to the first bridge over the Whetstone brook.

Voted to instruct the Wendell School Committee to investigate the possibility of withdrawing grades seven and eight from the Ralph C. Mahar Regional School and

to investigate alternative schooling arrangements for grades seven and eight and to report back to the Town no later than May of 1977.

Voted to prohibit the construction or establishment of commercial campgrounds and campsites within the Town of Wendell. DISAPPROVED by the Attorney General due to failure in following all the procedural requirements of the Zoning Enabling act. The bylaw was in the nature of a zoning bylaw.

Raised and appropriated \$28,840.00 as Principal and \$12,978.00 as Interest for the New Salem/Wendell School Construction Bond.

Raised and appropriated \$88.84 for Bills of Prior Years.

May 5, 1976, Special Town Meeting.

Raised and appropriated \$28,840.00 as Principal and \$13,195.29 as Interest for the New Salem/Wendell School Construction Bond.

Raised and appropriated \$4,500.00 for Fire Dept. Expenses

Raised and appropriated \$112.00 for Police Dept. Expenses

June 15, 1976, Special Town Meeting.

July 1, 1975 - June 30, 1976.

Accepted the sum of \$1,000.00 specified as Direct Aid to Public Libraries from the Commonwealth of Massachusetts

Raised and appropriated \$461.50 and appropriated from the treasury \$640.00, which was paid to the Town by the insurance company, for Snow and Sanding, to cover the cost of repair to the sander.

Financial year beginning July 1, 1976.

Accepted the proposal of the Franklin County Technical School District Committee passed on January 21, 1976 to amend the agreement establishing the Franklin County Technical School District by adding Section XV providing for the admittance of the Town of Whately as a member of said District, and accepting its proportionate share as estimated by the Committee through June 30, 1976 and further accepting its share of capital and operating costs beginning on July 1, 1976.

Raised and appropriated \$418.00 for Bills of Prior Years.

Raised and appropriated \$1,500.00 for Group Hospital, Medical, Surgical and Life Insurance.

Raised and appropriated \$130.00 for Town Clerk Expenses.

Raised and appropriated \$200.00 for Board of Health Exp.

Raised and appropriated \$1,000.00 to widen the first corner north of the intersection of New Salem Rd. on Wendell Depot Road.

Sept. 7, 1976 Special Town Meeting.

Raised and Appropriated \$2,869.36 for Bills of Prior Years.

Raised and appropriated \$14,560.00 for Dump Maintenance.

Raised and appropriated \$6,000.00 for Dump Custodian.

Oct. 26, 1976. Special Town Meeting

Raised and appropriated \$1,000.00 for Interest on Notes.

REPORT OF THE BOARD OF HEALTH

On May 3, 1976, Lincoln Soule was elected as a new member of the Board of Health.

The Organizational Meeting was held on May 11, 1976. Raymond DuCharme was elected Chairman of the Board. Jessie Wetherby was appointed as Clerk, Agent and Epidemiologist.

On April 19, 1976 a letter was received from the Dept. of Environmental Quality Engineering citing the Town with eight violations of the regulations for the Disposal of Solid Waste.

A meeting was held with the Board of Selectmen, the Board of Health and Mr. Peter Mokrzecky from the Department of Environmental Quality Engineering. It was agreed at this meeting to cover the Dump as well as was possible until funds were available after July 1, 1976.

On August 17, the Board of Health met with the Board of Selectmen. It was unanimously voted by both Boards to request an additional sum of money for Dump Maintenance at the Special Town Meeting on September 7, 1976. It was also unanimously voted to install a Transfer Station at the present Dump site, as opposed to a Land-Fill or other means. A sum of money was voted at the September 7 meeting, accordingly, bids were advertised by the Board of Selectmen. Bids were opened and discussed on November 9, 1976. On a four to one vote by both Boards, the contract was awarded to Waste Management, Inc.

On September 20, 1976 eleven townspeople participated in a Diabetic Screening Clinic. This was offered by the Athol-Orange Community Health Agency, a division of Athol Memorial Hospital.

On October 28, 1976 the Towns of Wendell and New Salem sponsored a Swine Flu Clinic at the Swift River Elementary School. This clinic was held for persons 65 and over and persons with health problems. Nineteen Wendell residents received Bivalent Flu Vaccine. A second clinic was held on November 16, 1976 for persons under 65. Forty townspeople received Monovalent Vaccine at this clinic.

Eighteen Applications for Subsurface Sewage Systems were received and processed. Twelve systems have been completed and Certificates of Compliance have been issued.

Five well samples were submitted to the Public Health Laboratory in Amherst for testing.

We wish to thank everyone who assisted in setting up the clinics and those who worked at the clinics. Their help is greatly needed and appreciated.

Respectfully submitted,
Raymond DuCharme
David Wilder
Lincoln Soule

Report of the Fire Department 1976

Everett L. Ricketts
Chief

Harry S. Williston III
Deputy

The Wendell Fire Department responded to 21 alarms last year: including: 1 Dwelling fire, 1 car fire, 6 chimney fires, 2 dump fires, 1 brush fire, 2 Smoke investigations, 2 Cellar pumpings, 1 Search and Rescue call, 2 Illegal burnings and one First Aid call.

A total of approximately 1,040 man hours were required in response to these alarms. Wendell will be reimbursed by the B&M railroad for all the railroad caused fires in the amount of 5,280.00.

Some of the requirements of the Insurance Service Office have been met by your Fire Department, which will insure a cheaper rate on Homeowners Insurance. But with the apparatus we have plus the new truck we are cramped intolerably. Wendell definitely needs a new and larger station to house these vehicles and equipment.

The tone alert system has been incorporated in our communications system and to further increase the efficiency of this system, the Orange Lions have agreed to purchase a Tele-Patch for the Fire Department of Wendell. This unit will enable any red phone operator to activate the tone alert system and broadcast the emergency, from their homes, this will decrease the response time 100%.

Our special thanks and gratitude to the Orange Lions Club for this gift.

Since water is our most important agent for firefighting and the sources are the most remote, Wendell will definitely need a larger pumper-tanker (apx. 2000 gal. cap.) and a supply of 4" hose in the near future.

A special thanks to the firefighters, Road crew, Red Phone operators, Radio dispatchers and the Womens Auxilliary for thier dedication and assistance given throughout the year and also the food donated by the townfolk for the April forest fire.

With his resignation, this department has lost a truly dedicated, and conscientious firefighter, in the person of former Chief, Roland L. Jean. I sincerely hope I can follow his example of leadership ability, but I know his shoes will be hard to fill.

Respectfully Submitted,

Everett L. Ricketts Sr.

Everett L. Ricketts Sr.
Chief

REPORT OF THE WENDELL POLICE DEPARTMENT

During the calendar year 1976 the Wendell Police Dept. received over 320 calls. The department responded to complaints relating to 6 breaks into buildings, 19 reportable auto accidents, and other incidents involving assault, vandalism, trespassing, disturbing the peace, and assorted dog and domestic animal problems. The department gained the service of two additional police officers. These men along with the other members of the department began intensive training in October 1976 by the Orange Police Department Training Council.

Each week for 16 weeks the department attended a class given by Orange Police Officers in law enforcement techniques. Highlights of the course included training in motor vehicle laws, accident investigation, search and seizure, fingerprint techniques, and courtroom procedures. Additional training in life saving, CPR, and emergency childbirth followed the course.

The Wendell P.D. is now a member of the Franklin County Police Radio Network with communication to all Franklin County Police Departments.

As in past years we wish to thank the area police departments, the Massachusetts State Police, The Department of Natural Resources, and the many citizens of Wendell who aided us in performing our duties.

Special gratitude is given to the blue phone operators for their assistance to the town.

The people in our department have all given their time and energy to serve the community and to become more professional in the performance of their duties. Their interest in, and support of, the police department is a credit to the Town of Wendell.

I would like to thank former Chief Rubert Goddard for his cooperation and carry to him the gratitude and respect of many townspeople for his years of service to the town.

Respectfully submitted,

Edward J. Judice
Chief, Wendell Police Dept.

REPORT OF THE WENDELL FREE LIBRARY

Wendell Free Library has established itself as an up to date little library with a growing collection featuring books for every age group in a wide subject range including both pleasure and informational reading types.

We were happy to learn that Wendell Free Library was one of six libraries chosen in Franklin County to be a recipient of a Title I grant for \$500 worth of educational toys, games and puzzles from the Massachusetts Library Services and Construction Act. Use of these toys and games will be included in the upcoming summer reading program. This new resource plus continued additions of new books will hopefully encourage children to take advantage of the treasure of books and services that their local library is increasingly able to provide.

This marks the third year that the library has asked the Town for no increase in the annual budget. Instead, the trustees and Head Librarian, Donna Liebl have sought out other sources for grants and services. Besides the Educational Games and Toys Grant mentioned above, the library also recieved \$1,000 in State Aid for the second year, of which more than 20% was spent on books and magazines. A portion of the remaining State Aid Grant was set aside in a revolving account for a Library Improvement Fund to be saved over the years to build bathroom or additional facilities. The Neighborhood Youth Corps Program provided the library with a summer worker, Jerry Bigelow, who was very helpful in processing new books and in continuing the ongoing and tedious process of cataloguing. To date the shelf-list is complete. The remainder of the project involves typing this information onto cards and filing these into the card catalogue. Whereas the State government in the past was most attentive to libraries in high population areas, the focus has now shifted to improve ment in rural areas as well. The staff and trustees of Wendell Free Library will continue to avail themselves of outside sources whenever applicable.

In order to immediately fill the need for a good selection of adult current fiction, the library has been supplementing its holdings with paperbacks. However, hardcover literature is the main focus of our collection building efforts, with emphasis also placed upon acquiring magazines and records. Examples of subjects being purchased in the useful arts are auto repair, health care, animal husbandry, building, crafts, etc. The chilrens' and junior reading collection continues to grow.

Patrons of Wendell Free Library are invited to come aboard the Western Regional Public Library System's Bookmobile which visits Wendell roughly every six weeks. WRPLS also provides free films to the library for our winter film series.

We wish to thank Mr. Lauro for making a much needed book return, and Rol Brenneman for making the library hours sign.

This fall a young sugar maple tree was planted on the corner of the lawn in memory of Mrs. Lauro and the service which she gave to the library for many years.

Librarian Lois Carey opens the library during these hours: Tuesday 12-2; Wednesday 12-4, 6-8, Saturday 12-2.

Respectfully submitted,
Margaret Stebbins, Chairperson
Marion Herrick
Mary Puckey
Kathy Becker
Bob Leet
Brian Merrick

We were just notified that our state aid status is no longer probationary as Wendell Free Library has met all the prescribed standards, including certain educational criteria required of our head librarian, Donna Liebl. This means Wendell Free Library is assured of receiving state aid as long as the library maintains itself within the existing standards.

REPORT OF THE CONSERVATION COMMISSION

To the Selectmen & Voters
of the Town of Wendell:

The Conservation Commission was first organized on June 12, 1975. In 1976 Neal Feltman was appointed to fill the vacancy left by the departure of Charles Ballou. We meet every two weeks at the Town Hall in conjunction with the Planning Board.

At the Annual Town Meeting of 1976, we presented the Town Clerk with the results of a joint study commissioned by the Conservation Commission and the Planning Board of the codes of laws and regulations pertaining to building plumbing, electricity and sanitation which the Commonwealth has promulgated. We wish to call attention to the existence and availability of these materials.

This year, with the assistance of Mr. Vernon Johnson of the U.S.D.A. Soil Conservation Service and of the Natural Resources Technical Team of Franklin County, a Natural Resources Inventory for the town of Wendell was compiled and has been submitted. We wish to call attention to this study as well.

During 1976, we received two requests for determination of the applicability of the Wetlands Act to proposed construction in connection with the Wendell--New Salem School and private work. In both cases we determined that the Acts do not apply. We are actively engaged in discovering a way to decrease the state stipulated filing fee. We are also currently involved in researching top-soil removal bylaws. We have responded to the draft Environmental Impact Statement on the southern route of the proposed Route 2 construction.

We have represented the Town at joint meetings of the Franklin County Conservation Commissions and local Conservation Commissions, to keep abreast of latest developments.

Respectfully submitted,
Brenda Vincent, Chairperson
Neal Feltman, Secretary
Charles T. Smith

NEW SALEM/WENDELL UNION SCHOOL COMMITTEE
TOWN REPORT - 1976-1977

The 1976-1977 school year has been an exciting one for the towns of New Salem and Wendell. The Swift River School was opened in September and the transition for the children from small isolated school-houses and rented rooms was a success. The children have enjoyed the new school. It has provided them with fine opportunities for learning. With the help of volunteers, a school library has been established. Through the hard work of the staff, the children have made real strides towards knowing where they are supposed to be and how they are supposed to behave in the school.

In addition to a new school building, there was also a new principal and many new staff members. Leonard Strauss, who had previously served as a teacher in the Wendell Center School, was appointed principal after Jon Kallio's resignation. New teachers include Mary Jane Johnson who came to us from the Common School in Amherst, Judy Musco who had been teaching in the Cambridge Public Schools, and Judy Salpeter who had been teaching at the Sheperd Knapp School near Worcester. New teacher aides include Judy Jewett, Donna Linn, Cynthia Perlman, and Robert Leet. Brian Whittier was added as a part-time position to the custodial staff. Keith Fiske, the head custodian, had been appointed shortly before the beginning of the fiscal year. Faye Mitchell has been serving as school secretary since September.

Important new steps have been taken in curriculum and other parts of the school program. A multi-text approach was started in reading. With this approach, children are able to read books and materials appropriate to their abilities. Day workshops have been initiated so that children can work occasionally with parents and other volunteers as well as teachers on enriching activities. The playground committee, chaired by Mary-Ann Palmieri, composed of parents and teachers and working under the auspices of the Facilities Committee, has constructed a playground outside the school which will be used by children for a long time to come. We were also fortunate that a CETA crew, led by Neal Feltman, created a series of nature trails for us on the property in the rear of the school. I would like to express my gratitude and the gratitude of the New Salem/Wendell Union School Committee to the many people who have helped make the Swift River School a success.

AT A MEETING OF THE RALPH C. MAHAR REGIONAL SCHOOL COMMITTEE HELD JANUARY 18, 1977, IT WAS VOTED TO ACCEPT THE REPORT OF THE SUPERINTENDENT, AND ADOPT IT AS THE REPORT OF THE REGIONAL SCHOOL COMMITTEE.

TO THE MEMBERS OF THE RALPH C. MAHAR REGIONAL SCHOOL COMMITTEE AND VOTERS OF THE RALPH C. MAHAR REGIONAL SCHOOL DISTRICT, I HEREWITH SUBMIT MY ANNUAL REPORT AS SUPERINTENDENT.

The report to the Mahar Regional School Committee covers the period January 1, 1976 to December 31, 1976. As such, all reports cover the final half of the 1975-1976 fiscal year and the first half of the 1976-1977 fiscal year.

The Mahar School Committee during the past year has spent a great deal of time and effort in carrying out its responsibilities to provide a quality secondary school program in Grades 7-12 for the students of the District. The Committee is faced with the need to provide adequate programs for the students who will go on to higher education, those who will need occupational training, and for students who need special education programs to develop their potential in today's society. Today, the schools must meet the needs of children who in the past would have left school at an early age. It is our stand that the Mahar School District must assume the responsibility of providing public education for all children.

To meet the above goals, the Mahar School Committee has conducted an in-depth study of the entire school operation through its two regular meetings per month and a large number of sub-committee meetings. Areas covered have been (1) the financial structure of the school, (2) local and state reimbursements, (3) a review of the school curriculum and a study of the personnel structure in both the professional staff and the non-teaching personnel. The Committee also encouraged the planning of in-service programs by the staff to develop a unified system of rules and school regulations.

- 2 -

FINANCE

The Mahar School Committee has been faced with the problem of holding school costs within reasonable limits with the constant problem of inflation, rising costs of services and the meeting of personnel salary requirements. Last year the net budget increase was kept to a 2.2% increase. The 1977-1978 budget is presently under review, and it is the intent of the Committee to present a no-growth budget. However, increased costs of health insurance, operating building costs, and anticipated salary costs presently being negotiated will make it difficult to achieve this goal. A critical financial problem is the loss of state aid under Chapter 492 (Regional School Aid) which will seriously affect the 1977-1978 budget. Regional aid is predicted on a formula using the equalized valuations of all the regional towns. Increases in valuations, particularly in Erving, will cause a reduction of at least \$150,000 in estimated receipts to use to lower the budget. The Committee has again had a bill filed in the General Court to continue funding as provided by the Schlosstein amendment in effect for the past two years. The Committee is also considering proposals which might allow Mahar towns to retain Grade 7 at the local schools, thus cutting costs and helping to alleviate overcrowding.

CURRICULUM AND PERSONNEL

The Committee has made a study of the Program of Studies for the past year. The offering in all departments has been reviewed with the objective of achieving the best use of space and personnel. A policy has been instituted setting the minimum class size at 15 students, except in special education, unless approval is granted by the Committee. The elective courses offered in the high school are also under study with the faculty and administration.

- 3 -

The Committee has also voted to discontinue the Occupational Education program at New Salem due to lack of continued enrollment and the difficulty of running an adequate program there.

The Committee is presently reviewing administrative costs in the instructional field which includes the use of department coordinators and directors who have substantial duties and are allowed school time for these purposes.

The Committee has approved a revised teacher evaluation procedure to improve the process of teacher evaluation, an area of increasing importance in personnel management if we are to assist our staff in self-improvement and to retain on the payroll the best qualified teachers.

The Committee approved a one-year sabbatical leave for Allen Mexcur to take a doctoral program at the University of Maine. Olinto Paoletti was named acting coordinator of Social Studies in his place for the year.

The Committee accepted the resignation of Frederick Hellen as Director of Athletics after 19 years of service in that post and selected Joseph Spadafora as his replacement.

SCHOOL FACILITIES

The Committee and administration worked closely with the Mahar Building Committee in developing a \$1,000,000 school building addition plan. The plan, which called for additional classrooms, an occupational education facility, special needs space, an enlarged library, and a gym station, was approved by the Department of Education for state funding. The proposal was voted unanimously by the Mahar Committee but failed to get town meeting approval. This action again jeopardized the future accreditation of the school by the New England Association of Colleges and Secondary Schools. At the present time, alternative plans to reduce

- 4 -

enrollment or to revise the agreement are being considered as ways to solve the space problem.

SPECIAL EDUCATION PROGRAM

In order to keep the citizens of the District fully informed on the services required to operate the Special Needs program at Mahar, I am enclosing again this year the full report of the Administrator of the program, Miss Jane Laughton. The report follows:

The Special Education Department at the Ralph C. Mahar Regional School has continued to provide adequate services to students diagnosed under the regulations of Public Law Chapter 766 as children in need of special education services.

The Special Needs Department consists of a full time Special Education Administrator-Coordinator designated to administer the regulations of Chapter 766 and to coordinate the various services being offered within the Special Needs Department, five full time special educators, five full time trained special education teacher aides and one part time Speech Therapist.

As of September, 1976, - 100 students were receiving special services on a daily basis in five programs established by the Mahar School to comply with Chapter 766.

The programs are in the areas of:

- Behavioral Disorders (mild-moderate)
- Developmental Delay
- Educational Adjustment
- Specific Learning Disabilities
- Communication Disorders

All students within these programs are mainstreamed in the areas of art, music, physical education, home economics and industrial arts. Many students are also integrated into regular classes in one or more major subject areas.

As of September, 1976 - 18 students were receiving special services in programs provided at various locations outside the physical facility of the Mahar Regional School. Students requiring such programs are serviced through our membership in the CAPS Collaborative, Inc. located in Gardner, Ma., the Fitchburg-Leominster Rehabilitation Center, the Beech Hill Work Center, or through other placements at private day programs recommended by a Core Evaluation Team. Certain students are placed in selected Residential Treatment Centers as determined by a Core Evaluation Team. Other students are given individual instruction on a tutorial basis within a home or hospital setting as determined by a physician.

An on-going system has been established to monitor each student's program and evaluate student progress on a quarterly basis with a formal review completed at the end of a ten month period from the date of initial diagnosis.

Several special needs courses, at the graduate level, were offered at Mahar during the Spring of 1976 through Fitchburg State College and Keene State College. Twelve teachers took advantage of this service in order to improve their professional status.

The special education program still faces a critical shortage of space. In a recent audit by the Department of Education, a one-year waiver of the use of the corrective exercise room in the gymnasium was issued. Alternate space will have to be found for next year.

Further details on the school program will be found in the School Report which follows.

December 31, 1976

ANNUAL REPORT
of the
FRANKLIN COUNTY TECHNICAL SCHOOL DISTRICT

To the citizens of Bernardston, Buckland, Colrain, Conway, Deerfield, Erving, Gill, Greenfield, Heath, Montague, New Salem, Northfield, Rowe, Shelburne, Sunderland, Whately, Warwick and Wendell.

With the close of 1976, the Committee has left behind the planning and organizing of the District, the construction of a building, the hiring of a superintendent-director, staff and faculty, and all the other nitty gritty things that were so important to open the doors to over 600 students last September. All of this on a budget planned for only 300 students.

To add to its problems, the loss of the superintendent-director forced the Committee to look for and to hire a new one. We were very fortunate to have Mr. James J. O'Neil, Jr. come on board as our new superintendent-director. With the ease and smoothness of the first day of school, and the days since, he shows his ability to handle the job. Of course, much credit also goes to Dr. Ray Franklin, Assistant Director and Mr. Raymond Avery, Director of Pupil Personnel Services and all other staff members who put a lot of ground work into the running of things during this interim period.

In this past year, we have had the addition of the Town of Whately to the District. With this addition, we are now tied with Cape Cod Vocational Technical as the largest school districts in the state.

Mr. Edward Tombs, a former committee member, was appointed Treasurer of the District. We have benefited in many ways from his experience and his handling of the District's monies.

During the year, the Committee received the resignation of Attorney Arthur Walder as the District's Counsel. He is to be commended for his service to the District. His successor, Attorney John Finn, comes to us well experienced and should serve us equally well.

Seven resignations from the Committee occurred in 1976 - James Carpenter of Gill, Andrew Wait of Greenfield, Edward Tombs of Greenfield, Paul Lively of Heath, Robert Avery of Montague, Ernestine Rogelberg of Warwick and Claire Stewart of Wendell. Their towns should commend them for the time and effort put into the successful operation of this school. They were replaced by Mrs. Shirley Flagg of Gill, Mrs. Jane Dutcher of Greenfield, Mr. Paul Viens of Greenfield, and Mrs. Joyce Ray of Warwick. As yet, Heath, Montague and Wendell have not chosen replacement committee members.

ANNUAL REPORT

Page 2

On behalf of the Committee, I wish to thank Superintendent-Director James J. O'Neil, Jr., his administrative team, clerical and custodial staff, faculty, advisors, municipal officials and area educators for their assistance during the year. I look forward to another year of fine cooperation between the School District and the communities which have helped to make Franklin County Technical School a great opportunity for all students in Franklin County.

Respectfully Submitted,

TO: Mr. Clarence Warner, Chairman
Franklin County Technical School District Committee

FROM: James J. O'Neil, Jr., Superintendent-Director

I am pleased to submit this, as my first, and the District's fourth annual administrative report for the calendar year ending Dec. 31, 1976.

At the outset, I should emphasize that my summarization of the major events at the Franklin County Technical School during the first half of 1976 has been based upon the contributions of three individuals who held primary leadership functions during that period....Mr. John Riesenbergh, former Superintendent-Director, Dr. Ray E. Franklin, Assistant Superintendent-Director, and Mr. Raymond E. Avery, Director of Pupil Personnel Services. I am most grateful for their insight and assistance.

In a slight departure from the previous chronologically itemized reports, I shall attempt a summary of the significant activities as they contributed to the growth and development of the school. Also, since any dynamic growth implies some change, in my closing remarks, I shall attempt a brief prophetic look at the educational future of F.C.T.S.

Certainly, initial attention must be directed to the fact that this beautiful and functional school had been programmed and budgeted to open in September 1976 with an enrollment of 300 students. However, due to an incredible wave of applications, the Committee, in early Spring, voted to open the enrollment. Consequently, early on September 8, fourteen buses began unloading 630 students from the eighteen district and six non-district communities.

All energies were mobilized in the Spring and early Summer to properly equip and staff the school for this heavy enrollment. A number of crises created time consuming problems -- many of which could not be remedied until the opening day. Chief among these was a solution for the very complex transportation program. However, the smooth opening day led into an extremely productive fall and winter program.

Shortly after our official opening, on October 3, the Committee hosted a very successful Open House and Dedication. Dr. John Manning, Associate Commissioner of the Division of Occupational Education was the main speaker. Over 4000 visitors toured the school. In another dedicatory gesture, the Commonwealth's Board of Education held its October meeting in our school. Dr. Gregory Anrig, Commissioner of Education, and many guests were in attendance at this first for Franklin County.

An important asset to the F.C.T.S. educational community was the acceptance of Attorney John Finn as Committee Counsel. He replaced Attorney Arthur Walder who resigned in September after many faithful and productive years of service to the District. Also, in August, Dr. Spencer C. Flo offered to serve as the school's first doctor.

Page 2

Early in the school year, the Committee helped to contribute to a positive professional development program by enabling the administration to implement, in cooperation with Westfield State College, an after school teacher training program. Also, the first of six half-day in-service professional programs was begun in November.

Of major instructional and financial assistance this school year has been the development of the teacher aide program. In cooperation with the Greenfield CETA Consortium, ten teacher aides were employed under an On The Job Training grant thereby alleviating very crowded shop enrollments.

In late fall, the opening of our Food Trades dining room and our Cosmetology salon as public service classrooms complemented our successful Auto Mechanic and Auto Body production programs. Not only have these service programs enabled our students to prepare for their careers in actual occupational learning situations, but they also help to reduce the District's net operating cost. Also, late in the fall, the Committee voted to initiate a half-year Adult Evening Education program and a similarly introductory athletic program. The cross country, basketball, and volleyball teams have proved very popular.

Early in the school year, a strong extra curricular program began in the school. The Committee accepted student selected school symbols - an Eagle as the school mascot, light blue and royal blue as school colors, and an official name - Franklin County Technical School, soon shortened by the students to Franklin Tech. In conjunction with the strong extra-curricular program, student support for nontraditional technical school subjects soon developed. Art and Music classes became the focus for a number of group and individual projects.

A total staff evaluation program was begun in November. This, coupled with a Management By Objectives evaluation process for the administration should produce immediate and long range positive results.

A major portion of the early winter months has been devoted to the 1978 Fiscal Year budget preparations. The Franklin County Technical School teachers have organized into an organizational unit for negotiation purposes. The winter months also was a period allocated to community information. In cooperation with WHAI, a monthly radio broadcast has been developed for the Franklin County residents.

As I close this report, I would like to outline certain goals and objectives which, early in 1977, will become part of a more comprehensive report to the Committee. First, the Committee's decision to open three new shops in the 1977-78 school year will enable the student enrollment to climb a near daytime capacity of 760 students in eighteen trade and technical areas. Since these figures already exceed the architectural goals for the building, the plant must be utilized in its most advantageous economic and educational fashion.

Page 3

Certainly, very early in the future, the needs of those under served and unserved District students will need to be met. Most likely, this means the introduction of some form of late afternoon and evening programs. Also, adults seeking retraining, career change opportunities, and leisure time pursuits will be seeking educational opportunities.

In order to further extend our day school facilities, it will be necessary to introduce extensive work study, cooperative work experiences, and community service projects as training sites. Plans are already under way to collaborate with our area high schools and the Greenfield Community College to cross utilize our educational plans and programs.

Strong affirmative action programs are being structured to comply with the need to recruit and positively influence those students who have not been served in the past.

Finally, this school community is committed to a completely comprehensive utilization of its facilities as a beneficial economic, educational, and social stimulus for the Franklin County area. We will offer our services and resources -- both staff and plant to the short and long range betterment of the county's people and institutions.

In closing, I would like to extend my appreciation to the staff and student body of Franklin Tech for helping me to mark this exciting and auspicious beginning. Also, thank you to the townspeople, business and industrial leaders, fellow educators who have so unselfishly donated their time and talent to this undertaking. Most especially, I extend my gratitude to the twenty-two elected Committee members who have extended their support, encouragement, and confidence in this challenging task.

TO THE HONORABLE BOARD OF SELECTMEN:

Under Veterans Benefits, Chap. 115, there were five active cases during the calendar year 1976. A total of two thousand four hundred and forty-one persons within the District was assisted by our office for various associated veterans' problems during normal working hours.

Following four years as Veterans' Agent and Director, Harold F. Calcari, Sr. resigned effective April 30, 1976. Victor H. Coleman was appointed to fill the position effective May 1, 1976. He resigned effective August 31, 1976, also declaring the position required more time than he could devote. The appointment of Arnold W. Bergeron became effective September 13, 1976.

Respectfully submitted
